**RE: Bond Review for Mining claims S/015/046; S/015/043; S/015/053; Daddy Dearest, Miller Rock, Emeryide Mines; T. 22 S., R. 6 E., Section 26; Emery County, Utah**

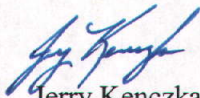

Dear Mr. Baker:

A compliance examination and file review of the Daddy Dearest, Miller Rock, and Emeryide mines, in Emery County, Utah, was conducted in September 2010 by the Bureau of Land Management (BLM), Price Field Office. The inspection revealed that Daddy Dearest has completed a considerable amount of cleanup with the removal of several 55-gallon barrels of waste and numerous lead-acid storage batteries. Moreover, they have re-contoured the mine-site and fixed the drainages. The Miller rock mine has made some progress in cleaning up their operation by consolidating some of the equipment, but not enough to affect the amount of their bond. The Emeryide mine-site has not had any changes and still has an old dilapidated camper on-site. Because of these aforementioned items, the BLM has calculated bonds for the Clark mines as follows:

Emeryide	UTU-69855; S/015/053	\$5,400
Daddy Dearest	UTU-69856; S/015/046	\$20,000
Miller Rock	UTU-69857; S/015/043	\$25,400

It is the BLM's understanding that you will contact each of the claimants above notifying them of the bond amounts. If you have any question, please call Chris Conrad at 435-636-3667.

Sincerely,

  
Jerry Kenczka  
Field Manager
